New Business:

W1FTE - Meriden Flea Market Sunday October 9, 2022

W1FTE, AM radio transmitter moved from the league lab, back to Windsor Vintage Radio and Communications Museum. Lots of empty space at the league; maybe half the people have left. Atmosphere is beyond toxic.

FCC is not granting new licenses, as their URL system has problems.

PVRA will buy its own Bridge, and network the PVRA network, which should be able to crossover to other networks.

Maybe do some promotion on the PVRA talk group.

Business Meeting ended at 19:34.
